aNDF: 38.45
RFV: 156
RFQ: 185.37

Inspector Notes:

Nice line of 2023 season 3rd cut lucerne hay. Off irrigation block, baled with 6 string HD baler with bales averaging 610kg+. Nice rich green colour and excellent leaf retention. Still a bit scratchy to the feel, perhaps slightly drier at 11.3% off 40 probes observed. Well stacked and presented in an open sided shed.
