aNDF: 51.73
RFV: 110
RFQ: 135.16

Inspector Notes:

Nice line of 2024 season Awned wheaten hay. Baled with a 6 string HD baler with bales averaging 620kg+. Clean line of hay with only a minimal amount of ryegrass and black oats spotted. Good green colour and soft to the feel. Well stacked and presented in a good location for northern feedlots and pastoralists alike
